Why C4i Services?

Knowledge. C4i Services represents decades upon decades of valuable knowledge. The Training Services Group brings this knowledge together with world-class, military and LE prepared trainers and delivers a suite of training services that is unique and unrivaled.

C4i Training Services courses are not "canned" and forced to fit the client. Each project is subjectively approached with the goal of delivering the greatest benefit to our client.

Balance. Active shooter. CQB. Anti-terrorism. These are the newest challenges to 21st Century LE departments. The tactics and training of LE departments are evolving to include many "military-style" techniques. C4i instructors have been trained, certified and instructed in both military AND traditional LE roles. This broad base of experience allows C4i Services to deliver a balanced approach to LE instruction.

"It is to date one of the best training courses I have received." -Sgt., WA State Police

"Mr. Kohler is a complete professional. Able to add value at every level, I could not recommend him higher" - Officer, Royal Irish Regiment
